

**Happy Winter!**

**We're having a fun time here at the North Pole. All the reindeer have been running around the Christmas Tree lot to get in some practice before Christmas Eve. I think we will be a lot faster this year. Our elves are working on our latest trains and dolls, stuffed bears and toy cars, plus so many more toys and electronics! I tell you, it's busy busy busy here at the North Pole!**

**I was looking at the naughty and nice list and I was so happy to see have been mostly nice this year and that makes me very happy! Keep being good and I'll visit you Christmas Eve!**

**See You Soon!**

*Santa Claus*
