

Cupcake holder and Cupcake Toppers

Best when printed on cardstock.

Place this cupcake wrapper **around** your already cooked cupcake wrapper. Depending on baking & decoration, cupcake may be taller or shorter than wrapper.

Cupcake Toppers

Your topper is below.

Just wrap your topper around the skewer, straw etc. whatever you choose to be your stick for the cupcake flag top.

Use Glue or double sided tape to attach the picture below to the stick. Be sure to get tape or glue to the stick and the top of the picture as well so it doesn't slide down.
