

Print Out Picture Frame - made to fit 4x6 photo

1. Cut out frame on cardstock paper.
 2. Cut out middle of frame (white area with x)
 3. Tape picture to back of frame.
 4. cover back of frame/picture with cardstock to keep frame stiff.
 5. Tape triangle to back of frame like example shown to stand.
- Note:** part of photo will be hidden behind frames edges.

Example:
